Course Description

Session 1 (24 August 2021): Online seminar I will provide information about research in Germany and funding opportunities for research in Germany. Additionally, basic knowledge and basic technical skills are needed to design, write a potentially successful research funding proposal on the basis of lectures, group work and exercises. Attendance and active participation is required.

Self-study: During one week, the participants will work on their research funding proposal at home and further develop it. Participants have to submit their 2 pages proposal before session 2 (submission by August 30th 2021, via email: hcmc@daadvn.org).

Session 2 (31 August 2021): During the second online seminar, the research proposal drafts will be presented, discussed, evaluated and fine-tuned in a participative review process. The objective of this seminar is to engage in a collaborative feedback process between mentors and participants and ultimately develop a final draft.
